

10 GOOD REASONS TO BUY DAIKIN.

DAIKIN ARE AIR CONDITIONING EXPERTS. OUR ENTIRE FOCUS IS ON BRINGING CLIMATE-CONTROLLED COMFORT TO PLACES WHERE PEOPLE LIVE, WORK, MEET AND RELAX.

As a world leader in air conditioning technology, Daikin can be trusted to control the temperature, airflow and air quality in a broad range of environments. From homes to high rises, from hospitals to hotels, Daikin has an air conditioning solution that provides superior comfort in any application.

With operations across the globe, Daikin has invested more than 80 years and billions of dollars in research and development in the fields of mechanics, electronics and chemistry to produce air conditioning products that are energy efficient, quiet, simple to use and reliable.

10 GOOD REASONS TO BUY DAIKIN.

1 5 YEAR WARRANTY

Reliability. That's probably top of your list when buying an air conditioning system for your home or business.

Daikin gives you peace of mind and reassurance with their 5 year warranty. The 5 year Daikin warranty is applicable to domestic and 'SkyAir' products purchased and installed in Australia.

That's how confident Daikin is about the quality and reliability of its products.

2 WISE INVESTMENT

When you buy a Daikin air conditioning system you need to look beyond the initial purchase price.

It pays to consider ongoing running costs, in conjunction with the potential life of the product. Daikin systems offer superior build quality and energy efficiency.

3 ENERGY EFFICIENCY

Daikin's continuous drive for improved energy efficiency has seen its advanced inverter technology being applied to split, ducted and other systems. These systems provide a more comfortable environment and are more energy efficient when compared to non inverter systems.

4 AVAILABLE THROUGH SPECIALIST DEALERS

Daikin distributes its products through Specialist Dealers and approved Electrical Authorities. This ensures that you receive a top quality product, with expert installation and support. Together this means the right air conditioning solution for your individual needs.

5 SUSTAINABLE DEVELOPMENT

Daikin continues to work towards a sustainable future and has received Environmental Management System certification to ISO14001. Daikin Australia is dedicated to preserving and protecting the environment through the production of energy efficient products.

6 AFTER SALES SUPPORT

Daikin takes pride in providing its customers with efficient after sales support, including readily available spare parts warehoused in Australia.

Daikin has a large and experienced team of fully qualified service technicians, and a wide network of authorised service agents to take on the service demands of the market.

7 A MARKET LEADER

Daikin has been providing air conditioning solutions to the Australian market for over 40 years.

As one of the industry's more trusted names Daikin air conditioning equipment can be found in homes, offices, hotels and shops. Daikin is committed to the air conditioning market and has a manufacturing facility located in Sydney. When purchasing locally developed units, you are contributing to the Australian economy.

8 SENSITIVE CHOICE APPROVED PARTNER

Daikin's Split System Air Conditioners are approved by the National Asthma Council Australia's Sensitive Choice program and are the only Split System Air Conditioning System that carries the blue butterfly symbol.

This acceptance reflects the advanced technology, innovation and quality of Daikin products.

9 A COMPREHENSIVE RANGE AND QUIET OPERATION

Daikin has a comprehensive range of products in both the domestic and commercial segments. Designed to provide effective and quiet air conditioning, Daikin can customise a solution to meet every requirement.

10 AIR CONDITIONING SPECIALISTS

Daikin focuses on air conditioning solutions and control systems. As specialists, it's all we do. As such, Daikin is recognised as an expert in air conditioning.
