LEX SERIES

EXPERTS IN GAS & INFRARED GRILLING

COOKING WITH CHARCOAL ON YOUR GAS GRILL

A Napoleon® Exclusive! The optional charcoal tray gives you the freedom to switch from gas to charcoal with relative ease. Simply replace your sear plates with the charcoal tray, fill with charcoal and light using your gas burners. Replace your cooking grids and now you're charcoal grilling!

Want that smoky goodness? Add wood directly on the preheated coals or place them in the wood chip chamber in the charcoal tray.
