

Dimplex[®]

fires collection

the widest range of electric fires imaginable

choosing your fire

Why Dimplex Electric Fires?

There is nothing quite like a fire – it creates a wonderful feeling of comfort and cosiness, with the added dimension a warm glow brings to any room. Dimplex electric fires require no installation and are 100% efficient, bringing you an incredibly realistic flame effect at the flick of a switch.

Installation is easy, with none of the cost and siting constraints associated with flue and gas connections. All Dimplex electric fires come complete with a fitted plug and many don't even require a fireplace. You simply plug-in and go!

With a wide range of tradition and ultra modern designs, we can offer a fire for every living area and on every budget. You can choose from two flame effects – Optiflame and Opti-myst. Optiflame is our original and the world's best selling electric flame effect, while Opti-myst is our new realistic fully three-dimensional flame effect.

A Dimplex electric fire will bring your home to life, creating comforting ambiance in any room.

* wall mounted and inset fires require some installation.

product range

Portable

Pages 5-14

A stunning range of designs suitable to move from room to room.

Freestanding

Page 15-16

An impressively authentic, stove style fire that can be used almost anywhere.

ritz

This compact electric stove gives you all of the cozy ambiance of a wood stove with none of the mess. The matt black finish, working door and traditional details make it a perfect addition to any space.

- 2kW heat output
- 2 heat settings (1000W / 2000W)
- Traditional stove style finish
- Flame effect can be used independent of heat source
- Optiflame with log effect
- Dimensions (mm): 595h x 570w x 315d

freestanding fires

Just imagine you have a plain wall in your home... you need a solution to jazz it up and bring it to life. You're unable to recess anything into the wall, and it's too costly and inconvenient to install a freestanding wood fire.

A freestanding electric fire from Dimplex is the perfect solution!

Designed to look its best flat against a wall, a freestanding fire will make a plain wall come to life without the need for recessing. Simply place against the wall you want to embellish, plug into your power source, and enjoying the charming flame effect all year round.

Mantle not included. Interior design concept only

zamora

The Zamora freestanding fire will help you create the feeling of a real fireplace in your home without the need for an existing fireplace, or the hassle of maintaining a traditional wood fire. Featuring a white pebble fuel bed, and stylish black and chrome finish, this electric fire will make a statement in any room.

- 2kW heat output
- 2 heat settings (1000W / 2000W)
- Freestanding and fits flat to wall
- Black and chrome effect finish
- Flame effect can be used independent of heat source
- Optiflame white pebble fuel bed
- Dimensions (mm): 665h x 603w x 226d

wall mounted fires

Add an eye-catching detail to any living space with a Dimplex wall-mounted electric fire.

Perfect mounted at eye level, a wall mounted electric fire is the ideal conversation starter. Mesmerising flames, creating an unrivalled ambiance that is sure to be the centre of attention around the home.

A wall mounted electric fire is ideal for those who may not have the floor space to accommodate another form of electric fire.

clova

The minimalist design of the Clova will suit the decor of almost any room. Not only will this electric fire provide warmth and comfort, but being wall mounted will save precious floor space and create a lifelike piece of art which can be enjoyed all year round.

- 2kW heat output
- 2 heat settings (1000W / 2000W)
- Contemporary fire designed for wall mounted use
- Flame effect can be used independent of heat source
- White pebble fuel bed
- High gloss black or cream fascia
- Dimensions (mm): 625h x 780w x 184d

inset fires

Instantly bring a wall or existing fireplace to life with the incredibly lifelike electric flame found in the BF series.

Available in three sizes, and with an array of decorative options to choose from, there is sure to be a combination to suit your needs and décor.

The BF33 and BF39 Optiflame fireboxes feature the exclusive Purifire™ air treatment system - the world's first integral air filtering electric fireplace. So not only will an Optiflame built-in fireplace look great, but will help improve air quality around your home.

purifire™ Air treatment system

The BF33 and BF39 electric firebox features the exclusive Purifire™ air treatment system – the world's first integral air filtering electric fireplace.

Breakthrough air treatment system cleans 24/7
(BF33DXP-AU & BF39DXP-AU)

- Uses a standard size 25cm x 50cm high-efficiency washable filter.
- Air filter operates with the heater or maybe run with the air-circulating fan only to provide continuous, quiet cleaning.
- Exceeds MERV 10 (Minimum Efficiency Reporting Value) rating - filters as small as 1 micron.
- Circulates and cleans the air of an average room four times per hour (Based on 3.6m x 4.3m room)
- Filter needs to be washed/replaced only once per year on average.

BF33DXP-AU pictured with optional decorative black trim (BFKIT33BLK)

Optiflame®

BF33

Instantly bring an old fireplace or wall to life with the beautiful BF33 inset fireplace. The Optiflame flame effect will add comfort, style and ambiance to any room - all the while cleaning your air with the Purifire air treatment system. With the option to completely customise your look with mantle surrounds or a more contemporary trim, you can be sure you'll fall in love with the BF33 Inset fire!

- Built-In Purifier air treatment system - world's first integral air filtering electric fireplace
- Realistic hand-finished logs with natural inner glow and pulsating embers
- Optiflame effect
- Remote control
- Flame effect can be used independent of heat source
- Easily accessible manual controls
- Smooth edges allow for flush mounting to drywall/tile or for installation into finished wall opening
- Your choice of finish: Optional decorative surround trim (black, stainless steel or stone) OR mantle surrounds
- Tamperproof glass
- Dimensions (mm): 732h x 838w x 363d

introducing 3D fires

A revolution in electric fire technology.

Deceptively real, Opti-myst will captivate you from the moment you see it. The fully 3-dimensional effect uses established ultrasonic technology adapted from commercial applications to create an ultra-fine water mist that is illuminated to create the 'flames' and the 'smoke'. The result?

An effect that surpasses all expectations for realism in an electric fire.

Scan to see the flame in action!
