

Above: Regency Montrose shown as a clean edge install.

Designed for modern living, the Regency Montrose will add ambience and enjoyment to any room. The large viewing glass with black etched edge provides an exceptional view of the fire whilst complimenting the décor of any home.

The Montrose is designed to fit into a custom built wall without a brick fireplace or chimney ensuring it can be featured in any room. As a slow combustion heater the unit can be controlled to maximize heat output as well as wood usage.

Designed to not only meet, but exceed the very latest Australian requirements for emissions and efficiency this is the latest in heating technology.

Standard Features

- Large glass viewing area (790mm x 310mm)
